## DISPOSABLE HOSPITAL CURTAINS

Lightweight & cost effective  
alternative to traditional  
hospital curtains

# endurocide® DISPOSABLE HOSPITAL CURTAINS

An economical alternative  
to traditional, washable  
cotton/polyester curtains

## Benefits & advantages

**LIGHTWEIGHT &  
EASY TO INSTALL**

**NO  
LAUNDERING**

**COST  
EFFECTIVE**

- ✓ Lightweight
- ✓ Fitted with tiebacks
- ✓ 100% recyclable

- ✓ Fire retardant\*
- ✓ Self-auditing & privacy labels
- ✓ No track conversion

\* Meets international standards: NFPA 701, AS 2755.2 - 1985,  
BS 5867 Part 2 Types B & C 2008, AS 1530.2-1993 Part 2 and CAN/ULC-S109

Available from the  
**NHS SUPPLY CHAIN**

## Curtain colours Standard Colours

Other colours available on request  
Minimum order quantities apply

# Options & specifications

## Curtain Types

### Standard

100% polypropylene, designed for use with suspended ceiling rails

### Mesh cut

100% polypropylene, with a hexagonal mesh cut on the upper section and double pleating on the front and back pleats.

### Mesh top

With NFPA 13 compliant (American mesh, designed for use with ceiling-fixed rails)

### Long Drop

A longer-length 100% polypropylene curtain, for use with ceiling fixed rails

## Hanging systems

Hospital track systems vary, however we have an ex-stock range of alternative glider and hooks which will fit most existing hospital curtain tracks.

## Choosing the correct hook

**When choosing the type of hook you order with your curtain, it's important that you order the correct size to fit your railing. There are two ways to help ensure the hook will be suitable for your railing:**

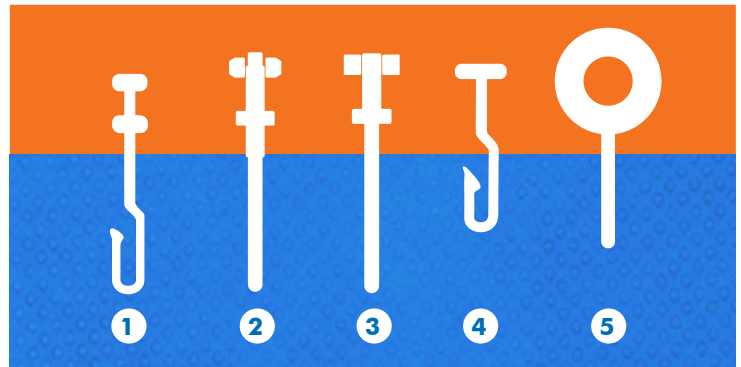

Take the **measurements of your existing hooks**. The two dimensions you require are head/ glider width (**A**) and neck width (**B**).

If available, use the **inner measurements of your railing**. The two dimensions you require are inner width (**X**) and channel width (**Y**).

These measurements will make sure your hook fits in your railing and is neither too big (won't fit) nor too small (will fall out)!

### 1 Quick-fit

Code **QF**

One piece hook, pre-fitted onto curtains, allows quick and easy fitting onto track.

### 2 Wide-wheeled

Code **WWH**

Included integral wheels for smoother movement - fit in same railings as Large-top.

### 3 Metal bar wide-wheeled

Code **MWW**

Similar to the wide-wheeled hook but with a metal axle pin.

### 4 Large-top

Code **LT**

Similar to the Quick-fit hook but with a larger head to fit wider channels.

### 5 Eyelet extension

Code **EEH**

Designed for easy fitting with hooks that are already in place.

## Quick hook size guide

Hook type	Order code	Head Width (A)	Neck width (B)	Suitable for railing*
Quick -fit	<b>QF</b>	10.0mm	4.0mm	Silent Gliss 6100
Large-top	<b>LT</b>	14.0mm	3.0mm	Movatrack 100
Metal wide-wheel	<b>MWW</b>	14.0mm	4.5mm	Movatrack 100
Wide-wheeled	<b>WWH</b>	12.0mm	4.5mm	Movatrack 100
Eyelet extension	<b>EEH</b>	N/A	N/A	N/A

\* The railings given are examples of commonly available systems - it is not meant to suggest that this is the only system that these hooks are suitable for use with.
